#### Hospitals.

Hospitals, as we now understand the term, are of moderh growth. True it is, as Mr. Burdette tells us in the historical section of "Hospitals and Asylums of the Word," that in the records of Egypt and ancient India we find allusions to institutions that foreshadow the hospitals of later times, and even our asylums for sick animals are borrowed from the East.

An inscription engraved on a rock near the city of Surat tells how Asoka, a King who reighed in Gujerat in the third century B. C. commanded the establishment of hospitals in all his dominions, and placed one at each of the four gates of the royal city of Patna. Six hundred sears after this, FaHian, an intelligent Chinese traveler who visited India in 399 A. D., records that Asoka's hospitals still existed and flourished, but the successive floods of con uest swept all away, and by the beginning of this century only a hospital for animals remained of all the pious King's foundations.

Ancient Egyptian records are more vague in their aliusions to the treatment of the sick: but it seems likely. from a legend which is given in the Papyrus Ebers, that a clinic exist d connection with the temple of Heliopolis. It is equally probable that, if the history of the temples of should find that in them also a hosmital supplemented the shrine, and that the sick who offered sacrifices there found something more than "faith bealing" within their walis. But from none of these are our hospitals derived; they were destroyed or forgotten in the barbarian conquests, and so utter is the oblivion into which they fell that it is now an article of the popular creed that it is to Chr stianity we owe the first idea of care for the sick and afflicted .-The Quarterly Review.

## KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live bet-ter than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the

remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and trulbeneficial properties of a perfect lax-ative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kid-neys, Liver and Bowels without weak-ening them and it is perfectly free from

The force in the state treasurer's office have completed the clipping of coupons for the July settlement. They handled coupons representing about \$300,000.

The Modocs are going to sing for both the republican and populist state conventions. The club will probably accompany the Kansas delegation to the national meeting of the republican league in Denver.

A Topeka man is exhibiting on the streets a model of an invention of his own to be applied to farm wagons. He has the tongue so fastened to the wagon that when going down hill the pull-back will set the brakes against the rear

General J. Remsburg, of Atchison, has given the state historical society a photograph representing himself surrounded by relies and accontrements of his art as an antiquarian student. Mr. Remsburg has made many contributions to the archaeological museum of the historical society.

Governor Lewelling has appointed Mrs. S. L. Ruggles of Emporia, Mrs. R. Hampton and Rev. W. C. Todd of Kansas City, Miss Martha B. Spencer of Beloit and Charles E. Faulkner, of Atchison, as delegates to the conference of charities and corrections which will meet at Nashville, Tenn., May 23.

County Attorney Simpson, of Lyon county, secured the necessary papers for bringing A. B. Treadwell back to Emporia from St. Louis, where he was arrested a few days ago. Treadwell escaped from the Lyon county jail while awaiting sentence after being convicted of an attempt to burglarize the Emporia postoffice.

The term of Dr. Frank Swallow, a member of the state board of health, expired on March 28, and the position has practically been vacant since that time. His successor has been named by Governor Lewelling in the person of Dr. J. P. Stewart, of Clay Center, whose term will extend to March 28, 1897. Dr. Swallow resides at Valley Falls.

A mass meeting of the citizens interested in the cause of female suffrage has been called for May 9 and 10, in Topeka, to be addressed by Susan B. Anthony, Rev. Anna H. Shaw, Carrie Lane Chapman, Theresa Jenkins, Annie L. Diggs, Laura M. Johns and others. Mrs. Mary E. Lease was invited to speak, but had made other arrangements. The meeting is to be participated in by republicans, democrats and populists who believe the equal suffrage amendment should be adopted, regardless of party considerations.

J. W. Mowder, of Haven, asked Attorney General Little concerning the publication of bank statements, and whether or not the publication is legal if it appears in a paper that does not fall within the provision of the law. which provides that all legal notices shall be published in papers which have been running fifty-two weeks prior to the first publication. The opinion by the attorney-general is that the semiannual statement required by a banking institution may be published by a newspaper that does not fall under chapter 156, laws of '91,

The quarterly payment of pensions began May 4. The first of the week Pension Agent Glick received a check for \$3,500,000 from Uncle Sam. As he had \$57,000 left over from last time he will probably not run short. At the last payment \$3,254,666 was distributed and this one will amount practically to the same figures. Of this immense sum Kansas gets seven-sixteenths, Missouri eight-sixteenths and the remaining sixteenth is scattered throughout the other states in the district. About 2,500 pensioners are paid the first day. The entire number is paid off in ten days.

The commencement exercises of Washburn begin this year on the 9th of May with a musical recital. On May 18 there will be a prize thesis contest; the thesis will be written about Thomas Jefferson and his times. On May 25 there will be a contest in public speaking. June 1 there will be an address before the two literary societies, the Gamma Sigma and the W. C. L. S. June 8 the academy prize speaking contest occurs. June 11 will occur the graduation exercises of the students of the music department. June 12 the academy graduation will take place, about twenty-five students will graduate from this department. June 13 is commencement day; there are ten graduates. There will be a new departure this year in the graduating exercises; the orations will be short, not to exceed eight minutes each.

L. C. Stine was up from Ottawa to confer with Topeka Odd Fellows about the prizes to be given at the cantonment to be held in Ottawa June 6. It was decided to offer a \$75 banner for the best drilled canton and a \$30 cash purse for the second best. Ottawa will furnish the prizes. There will be about thirteen competing cantons. Topeka's canton has forty-five members.

Topeka Capital: Mrs. A. M. He simply washes the smoke. First the smoke is drawn from the stack by a powerful fan, and then forced through a revolving cylinder into a tank filled with water. Perforated teaters are affixed to the back of the cylinder and these drop into the water and scrub or wash the smoke, which is conducted back into the chimney in the form of a perfectly pure vapor. The solid carbon which is washed from the smoke appears at the bottom of the tank as a black, foaming froth. The arrangement of the apparatus allows an inspection of the washing process and of the vapor, which, after being cleansed, is perfectly white and odorless, and is thrown through the chimney into the air as steam.
